**Instructions:** Submit a minimum of a three page paper, not more than 5 pages plus a cover sheet for a maximum of 6 sheets on planting/starting a church plant with information gained in the lectures and from course reading materials. Include answers to the following questions.

*Don't forget to cite your source!!!!*

1. How would you recognize that you should plant a church?
2. Why would you plant a church?                      -purpose
3. Who would you include to help you and what will you need in establishing this church plant? -person or people involved along with any other necessary thing(s).
4. Who would be your target group? -primary group of people you have the heart for
5. How would you start?                      -the sequential steps to establishing a church plant.

In this assignment you must answer the questions above. Tell how you will determine that you are called to plant a church. Why is it that you've set forth to plant a church. Identify the person(s) you will need to help you with this new church plant along with some state or federal requirements that aids in greater latitude in ministry. Tell who you are sent to, who are you aiming at and how would you find them. Then share how you would actually start. What kind of things you, and or your team will do in getting this new church plant up and running. What order would you endeavor to do things in?
