Item specifics

Table with 2 columns: Attribute (Condition, Mileage, Exterior Color, Vehicle Title, Year, Make, Model, Sub Model) and Value (Used, 254, Blue, Clear, 1962, Harley-Davidson, Other, Not a Road King, Soft Tail, Ultra Classic or Sportster)

Harley Eagle

Not a Road King, Soft Tail, Ultra Classic, or Sportster,

It was born in 1962 as a Cushman Silver Eagle with a 9 horsepower single cylinder OMC motor. Suffering from low horsepower that yielded truly boring p Harley envy. So a few years ago it was meticulously restored and the 9 horse put-put was replaced with an 18 horsepower Twin V engine and straight pip twice the horsepower and all Harley Controls, this Harley hybrid runs, rides and even sounds like a Harley. The CVT (snowmobile) clutch makes it fully au the Two speed manual overdrive to shift from great acceleration to smooth cruising highway speeds.

Shortly after the restoration and lots of expensive custom upgrades, riding opportunities were cut short due to health so it lived as the centerpiece in the now time to face the reality that it's time for someone else to reap the benefits of riding this beautiful and exciting bike.

I guarantee it will get jaw dropping attention wherever you ride. With only 11 hours on the engine and less than 300 miles since it's \$12,000 restoration, barely broke in so, it's ready for many years of riding fun or, just enjoy it as eye candy. It's truly a work of art with shades of the past.

Listen to the sound of excitement.

Harley Cushman

x
